VALENTINE'S DAY

KATHRYN KILPATRICK

Valentine's Day is just around the corner and is a time when candy, flowers, and gifts are exchanged between loved ones. Hand-made valentines were probably exchanged in the early 1700's and in the 1840's the first valentines were mass-produced. Valentine's Day is celebrated in Canada, Mexico, the United Kingdom, France, and Australia and it is the second largest card-sending holiday of the year.

Let's take a little walk down memory lane and unscramble these words to form the titles of some well-known love songs. Do you have a favorite tune? Which one of these songs has a special meaning for you? Recall your first date, your first kiss or a time when you may have danced to one of these songs.
